AN INVITATION TO CHURCHES, MINISTRIES & COMMUNITY ORGANIZATIONS

A website in service *of your mission.*

Dear Church and Community Leaders,

Your work brings people together. Stay Faithful Project and Kettle Moraine Web Design are partnering to help you reach your community with an affordable website and dependable ongoing support.

DONATED WEB DEVELOPMENT

UP TO

$1,500

in development time donated by **Kettle Moraine Web Design**.

Expected to cover the full cost of developing a typical church or organization website.

ONGOING SUPPORT FROM STAY FAITHFUL

$50 / month

- Website hosting
- Website maintenance
- One email address

Content updates: $50/hour when needed.
Billed separately from the monthly plan.

Frequent updates? Our goal is to cut your cost in half.

For frequent updates, ask about a separate ongoing-update proposal. Our goal is **50% less than you're paying now**, based on your current costs and update needs.

We'll review your project scope before work begins. Any development beyond the donated time will be discussed in advance; separate ongoing-update proposals depend on scope and frequency.

Let's talk about your website.

Scan the code or visit the page below to get in touch.
